### **Not a quilter?**

2Quilt or not 2Quilt can provide beautiful top-quality custom quilting from start to finish for yourself or a loved one. We can also make unique heirloom-quality tshirt and memory quilts. A throw size tshirt quilt is a minimum of \$200. I love working with my customers to come up with a unique pattern and design that fits their lifestyle. If you live in Tuscaloosa, we can meet at a local fabric shop to pick out your fabrics and this will count toward your downpayment of the quilt. If you don't live locally or have the time, tell me what you would like or look online (I can give suggestions for fabric shops online) and we can come up with a down payment based on that.

## Pricing

Professional computer-guided longarm quilting services using my Gammill Statler Stitcher with precision stitching. I've affectionately named my Gammill Statler 'Jenny', or 'Jennifer' when she misbehaves! We offer custom, semi-custom and edge-to-edge. Competitive prices are designed to fit every budget. Shipping charges will be calculated based upon size/weight of quilt and insurance coverage requested. Examples of 2Quilt or not 2Quilts quilting can be seen at our website, Facebook or I'd be happy to email you photos. Please feel free to message me for a custom quote or questions.

## QUILTING:

[Width x Length = square inches]

Edge-to-Edge.....\$0.015/sq inch  
(same pattern repeated across entire quilt)

Semi-Custom Edge-to-Edge.....\$0.025/sq inch

Custom Quilting.....starts at \$0.03/sq inch. Price adjusts depending on the choices.

## BINDING:

Binding (customer to provide binding ready to be applied)

Front or back only by machine.....\$0.10/linear inch

Front and back by machine .....\$0.20/linear inch

Materials- thread, needles etc.:

Thread charge.....\$10

## BATTING:

Customer may supply own batting. 4-6 inches wider and longer than the top. Please no poly as this is terrible to quilt. Depending on what batting I have in stock I can supply batting for an agreed upon price dependent on what I purchased it for! I generally use an all natural high quality batting myself as this just looks better, quilts better and adds to the durability of your quilt.
